Accession #: 0421711799			
Collected on: 03 Aug 2004 08:56 AM			

**LATEX RIA, IBT @**

**SEE NOTE**

Test	Result	Flag/Class	Units	Reference Ranges
-----				
Latex Specific IgE (RIA) Panel				
-----				
Ammoniated Latex Extract (AL)*	<5		U/mL	<5
Buffered Latex (NAL)*	7	H	U/mL	<5
Glove Latex Extract (GL)*	<5		U/mL	<5

If IgE antibody is detected for any of the antigens, then the patient is at risk if exposed to any natural rubber product in a surgical, dental, or diagnostic procedure. Patients with a positive history of a prior anaphylactic reaction should avoid latex products, even if they are negative for IgE.
